Roadmap for ENDZONE.

For those people interested in pursuing an opportunity to deliver ENDZONE locally this is the process:

1. Deliver a proposal of sorts to GM at NZAFF including:
 - a. Where in NZ and specifically what local catchment of players e.g. what schools.
 - b. Age group targeted e.g. Years 3 through to 6, or Intermediate Years 7 & 8.
 - c. What you intend delivering e.g. a term of activities before starting a league. Could also include:
 - i. what numbers you will be aiming at.
 - ii. How many schools and//or other groups
 - iii. How many teams you think you might get into a league.
2. NZAFF Management agree that the proposal is worth investing equipment in.
3. Agree on an appropriate arrangement with NZAFF. We have a Relationship Agreement which provides a term of reference for the agreed delivery.
